FIRE PROTECTION FOR THE HILLS

Discussed at Board of Trade Meeting-Auto Pumping Engine Would Solve the City's Problem-Poor Train Connections to be Investigated—Sewer Needed in Sunnyside District.

hills of Norwich was one of the important topics discussed Tuesday night at the April meeting of the Norwich Board of Trade, held in the rooms in the Thayer building.

President Frank J. King called the meeting to order at 8 o'clock, and after the acceptance of Secretary Henry W Tibbits' minutes of the last meeting the following names were presented and voted into membership: Edwin Hill, J. W. Mallett, Fred R. Smith Rev. R. R. Graham, White Star Cloth-ing Co., Martin E. Jensen, S. E. Machette, Frank W. Guild, Fred E. Rogers, N. Eugene Smith and W. C Perrigo

Cleanup Week Coming. Report from the City Beautiful com-mittee chairman, Walter F. Lester, was made by Secretary Tibbits, who said that a cleanup week was in prospect for the week ending with Decoration day and that the treasury now had about \$150 balance on hand. President King spoke with satisfaction of the get-together spirit which had been shown in the opposition to the division of the town of Norwich

and the gratifying result in defeating Mr. King also spoke of some newspaper comment upon the Groton to Norwich road and the entrance to the city through Thames street which ad-vocated an improvement of both of these approaches to Norwich. He said he hoped that some day there would be some state aid given on this Groton to Norwich road.

A vote of thanks to the New Lon-on Telegraph for editorial articles upon both these subjects was passed. Want Fare Limit to Hallville. Mr. King brought up the matter of extending the five cent fare limit on the Norwich and Westerly road as far as Hallville. The limit is now the hospital station. The matter was left

with the transportation committee. Unsatisfactory Railroad Connections. There has been complaint about unsatisfactory railroad connections, Mr. King said, affecting early morning trains from here both on the Central Vermont road and the New Haven road, as it was impossible to get any farther than Saybrook on the 7 o'clock New Haven train and it was also im-possible to get to Hartford in suitable ime by an early Central Vermont train through Willimantic. The return train from Hartford in the late afternoon

llso made no suitable connections brough Willimantic. These matters were turned over to the transportation committee. Secretary Tibbits called attention to a fine large mahogany desk which to a line large manogany desk which had been placed in the rooms for the use of the board by one of its charter members, Charles T. Bard. The desk was once used in the Thames National bank by the late E. N. Gibbs and was given to Mr. Bard by Mr. Gibbs. A vote of thanks to Mr. Bard for

Death of George F. Hughes. Mr. King announced the death Tues day morning at 4 o'clock of George F. Hughes of Waterbury, senior member of the Reid & Hughes company, who had always been a member of the Nor-wich Board of Trade. William H. Allen and Frederick W. Cary were named a committee to draft

the use of the desk was passed.

suitable resolutions: Sunnyside Sewer Needed. sewer conditions in the Sunnyside neighborhood on Laurel Hill, where sewage is discharged into an open brook. He believed that a sewer ought to be built in the highway there and he also took the agricultural of moved to have this matter referred to while in college, thus receiving a Mr. Cary referred to a bad washout through surface water which ran under the railroad tracks recently and was fortunately discovered just in time to prevent a bad wreck of a passenger

The matter was referred to the pubic improvements committee with the purpose that they shall take some ac-tion before the time for making up the city estimates in May. The committee onsists of James L. Case, chairman, ames B. Shannon, Frank A. Bill, H. Peck, L. M. Crandall and A. N. H.

Fire Protection on Hills. J. D. Haviland made report for the committee appointed at the last meetng to consider the fire protection for property on the hills of Norwich, Mr. Haviland stated that at the present ime we had had examples of losses of esidences on the hills because of lack sm of either the fire department or the water department in this, for both are giving these places all the protection itizens have voted and empowered

Fire Chief Stanton. Fire Chief Howard L. Stanton wa called upon and responded by saving that the conditions on the hills was the same as had been for 40 years. Our gravity system gives us pressure enough in the business sections. the hill in the vicinity of Mr. Havil-and's house there is only a 20 pound pressure. In a recent experiment with a motor pump this pressure was raised to 140 pounds and 80 pounds at the nozzle. The motor pumper would be the cheapest thing for any city to have and would not only solve the hill problem but help very greatly in all situa-tions. It would be the most advisable thing for Norwich to start on the complete motorizing of its fire depart-

ent. Chief Stanton pointed out that half the cost of maintenance of the fire de-partment was in the maintenance of the 13 horses and the horse drawn ve-hicles, yet, the annual maintenance cost for the autochemical is about \$200 which would not take care of iorse. Yet the autochemical has prac-ically put out 90 per cent, of all the fires before the rest of the appar atus could get there. It would be fool hness to pay more money for horse drawn apparatus, but the best thing izing its department by buying the pumping engine and follow this up with more autochemicals. The autopumping engine would not only solve the hill problem but take care of many the fill problem but take care of many other situations besides.

To a question from President King, Chief Stanton said that such a pumping engine would cost from \$7.000 to \$40,000.

Commended the Suggestions. There was applause for the words of Chief Stanton and President King nded what he had said as absoutely true, On motion of J. D. Haviland a com

mittee of three, including President King was named to bring this matter

Fire protection for property on the | bers attend the city meeting to support this matter when it was taken up Mr. Cary asked if something could not be done towards arranging to help out the state hospital in its water sup-ply as we have plenty of water now. He said he had seen that the hospital had been granted an appropriation to increase its water supply and he thought the city might sell the hospi-

al water. It was suggested that further light on this subject, might be secured at a subsequent meeting when the water department superintendent, John J. Corkery, were present.

Resolutions Presented. Resolutions upon the death of Mr. lughes were presented by William H. Allen and were accepted by the board They expressed the deep regret felt n the death of Mr. Hughes, a member of the board of trade since its in-corporation and resident for many years in Norwich where his business ife was begun. The meeting adjourned at 'clock.

COUNTY AGENT ACCEPTS BROCKTON BANK POSITION. Murray D. Lincoln Resigns From Office in New London County

provement League.

After a year's service as county gent for the New London County Improvement League, Murray D. Lincoln has resigned to accept a more lucrative position in the agricultural department in a Brockton bank. The directors of the New London County Improvement League will meet on Satarday afternoon at 2 o'clock to discuss the matter of securing a successor. There are several candidates for the position.

On April 11, 1914, Mr. Lincoln came to Norwich having been engaged by the league for one year at a salary of

Mr. Lincoln is the son of Mr. and Mrs. Minor D. Lincoln, is 23 years of age and was born in Raynham, Mass.

MURRAY D. LINCOLN Mr. Cary spoke of the unsatisfactory ed Olive, Ames High school at North Easton, Mass., graduating from Am-herst college in June of last year. Mr. Lincoln has had farming experie as he was brought up on a farm and he also took the agricultural course the proper committee. This was voted, insight into the problems of the farmer from both practical and theorectical

points.

Mr. Lincoln came to this city some weeks before he graduated from col-lege in Massachusetts and he returned to take his examinations and securhis college diploma. His first work here with the Improvement League was to accept the offer of Irving E Crouch of Groton to use his orchards for instructions in prunning anw spraying. He later held hay demonstrations and also took up dairy, orchard work, and rotation of crops with the farmers in the country, finding his time in

great demand. Although he came to Norwich rather late in the spring to undertake any great work the first year, yet he acemplished wonders and he had planned for a busy year during 1915. The offer of the Brockton bank carries with it a salary of \$2500, double the salary paid him the past year, and as his work in Brockton will be confined to a norrower field he will have a more advantageous range in which to make a showing. He will have charge of the loans made by the bank to farmers and will also be in charge of other work that will bring him into

close touch with the farmer.

Mr. Lincoln gave word on January 22 that he would vacate his position this spring. During his residence here he has made his home with Mr. and Mrs. Elmer C. Jewett of Maple Grove avenue. He proved just the man the farmers in this county had been looking for and there was no end of the benefits of his instruction and assistance. He gave the boys and girls an opportunity to improve themselves an opportunity to improve themselves and more than one now has a good sized sum credited to his or her name in local savings banks, which reflects directly the efforts of Mr. Lincoln. His work with the farms, in vegetable gardens, grass plots, orchards, dairy and other lines has proved most profitable. Last summer Mr. Lincoln put in much of his time in a successful much of his time in a successful effort to exterminate the army worm which invaded the farms in this counwhich invaded the farms in this county by the thousands. Mr. Lincoln was ever ready to respond to the call of assistance from the farmer and his instructions were closely followed. Mr. Lincoln is a man of excellent character and it is owing to his industry, zery and fidelity that he has secured his well deserved promotion. The best wishes of the farmers and others with wishes of the farmers and others whom he has become acquainted during his short stay here go with him to his new field,

Has Real Estate in Willimantic. At Meriden an application was filed Monday afternoon by George S. Clark of Mansfield Center asking that administration be granted on the estate of his father, the late George M. Clark. The application represents that the estate consists of real estate situated in Willimantic, valued at about \$4,000, and personal property estimated not to ex-ceed \$20,000.

Invited by Holyoke T. A. B. St. Mary's T. A. B. society held their emi-monthly meeting in their rooms before those having the city appropriations in charge.

President King named Mr. Haviland and Frederick W. Cary as his associates on the committee. Mr. Haviland advised that the Board of Trade mem.

Tuesday evening. The invitation from St. Jerome's T. A. B. of Holyoke to attend their field day was read. Three new members were initiated. The sociates on the committee. Mr. Haviland advised that the Board of Trade mem.

REPORTS AND ELECTION BY CITY UNION, K. D.

Mrs. C. L. Swan Chosen Again For President-Circles Had Busy Year.

The annual meeting of the Union of Kings' Daughters and Sons was held in the Sunday school room of Trinity Episcopal church Tuesday evening at 7.45 o'clock when reports of the various circles were heard, officer elected for the coming year an dother important business matters decided, Archdeacon J. Eldred Brown, the rector of Trinity church, conducted the levotional services after which heartily welcomed those present.

Mrs Calvin L. Swan, leader of the
City Union took charge of the meet-

ing which opened with the reading of the minutes of the last meeting by the secretary, Mrs. Arthur Blackledge, Her eport was accepted. The roll call followed the secretary's report and the representatives of the various circles answered in unison.

uoting scriptural passages. Miss Hattie Carter the treasurer read her report which showed receipts during the year of \$81.43 and expens

McClenathan. The next business was the hearing of the reports of the various circles. Those who presented reports were as follows: Mrs. W. H. Dawley for Charitable Circles; Miss Laura Utley for Comfort Circle; Mrs. Arthur Blackledge for Euphemian Circle and the City Union: Mrs. Bessie Beckley for City Union; Mrs. Bessie Beckley for Everready Circle; Miss Amy Burling-game for Grace Circle; Mrs. L. O. Potter for Home Chapter. All the re-ports showed much activity during the past year an dthere is a bright outlook or the coming year. Home Chapter is among the more ctive departments as that chapter has over 100 members, 85 of whom are active and there is over \$1800 in the treasury.

Among the more important business matters brought up for discussion was that of dropping two of the four meetings held during the year. Meetings have been held heretofore quarterly, but as many of the members are away during June and as the weather is often unfavorable in January, the meetings held during these months have not been as largely attended as they might have been. The general sentiment is favorable to the dropping of the June and January meetings leavong but two meetings during the year, one being the October meeting and the other the annual meeting held in the spring. The matter will come up for final decision at the next meeting which will be held in October it being decided to postpone the June meeting until that time. Another matter acted upon was the Sunday after-noon meetings at the Backus hospi-It was decided to omit the meetlngs heretofore held during July and August and Miss Geer was appointed a committee to arrange for the holding of meetings during the remaining ten months of the year.

Mrs, H. F. Palmer, chairman of the nominating committee, then read the committee's report and it was accepted. The officers were elected by acclamation as follows: Leader, Mrs. Calvin L. Swan; vice

leader Mrs. Anbrey W. Jarvis; rec-ording secretary, Mrs. Arthur R. Blackledge; corresponding secretary, Miss Mary E. Wattles; treasurer, Miss Hattie Carter, Mrs. Utley reported for the resolu-tion committee and the meeting closed wit hithe singing of Blest Be the Tie

OBITUARY. George F. Hughes.

At 4 o'clock Tuesday morning George C. Hughes of the Reid & Hughes ompany, died in Waterbury, after a udden seizure with angina pectoris. Mr. Hughes had been in poor health for three weeks, but was able to at-to 1 to his regular business duties, remaining at the store at Waterbury Westerly 14.00 Willimantic 10.00 up to 5 o'clock Monday afternoon. In the evening he complained of illness Yantic and his physician was called to apartments in the Hotel Elton rapidly grew worse and death came uesday morning. On May 10, 1847, George Francis Hughes was born in England (county Lancashire) and when 20 years old came to this country, locating in ton. From that city he went to Worcester and thence came to Norwich and established a partnership with the late Adam Reid in August, 1879, under the name of the Reld & Hughes company. They purchased the drygoods store of James Simpson & Company and built up a large and profitable business. The Boston store, as their business was named, has long been known as one of the largest drygoods houses in eastern Connecticut. For 11 years Mr. Hughes resided in this city.

occupying the Austin place on Washington street a part of this time.

A branch store was established in

Waterbury in March, 1890, and Mr. Hughes went there to take active management of the new store. The firm became incorporated in 1894 and a year later opened a branch in Law-rence, Mass. Mr. Hughes was presi-dent of the Norwich and Waterbury Mr. Hughes was prominent in Ma-sonry, being a 32d degree Mason and a member of Harmony lodge, P. and A. M., and Clark commandery, Knights Templar, of Waterbury, and a member of St. John's Episcopal church of that city. He belonged to the Waterbury club, the Norwich Golf club and the Eastern Point Golf club. His summer home was at Eastern Point.

Bestides his widow who was Miss. mer home was at Eastern Point.

Besides his widow, who was Miss
Lucinda Rawson of Worcester, Mr.

Hughes leaves a son, John Rawson
Hughes, who has for several years
been associated with his father in the
business, a granddaughter. Mildred
Hughes, a brother, Charles A, Hughes
of Brooklyn, N. Y., and a sister, also
residing in Brooklyn.

Mr. Hughes has made his home at Mr. Hughes has made his home at Mr. Hughes has made his home at the Hotel Elton ever since it was built and it was in the same hotel that his partner, Adam Red of this city, died on Feb. 15, 1908, from the effects of a fall.

Mr. Hughes was a man of strong

in this city. Golden Wedding Anniversary. Instead of Tuesday, the 20th, Mr. and Mrs. Albert Church of Chaplin are to celebrate their golden wedding anni-versary on Wednesday, April 21st. Owing to the impaired health of Mr. Church, they will celebrate the event in a quiet and informal way. All the children and grandchildren will be with them on their anniverday to make the occasion as enjoyable one for them, and any of thei rneighbors and friends who wish to call and extend congratulations to them the ywill be glad to see.

character and was loyal in friendship. He was a frequent visitor to this city

and was well known and highly re-spected here. The news of his death came as a shock to his many friends

Posted as Navy Straggler. William Patrick Grady, first class fireman on the U. S. S. New Jersey, is posted by the navy department as a straggler from his ship, from which he has been missing since April 11th. He enlisted at Boston and gave his residence as No. 201 Central avenue, Norwich, Conn.

The Real Cause of Most Bad Complexions

It is a stern fact that no truly beau tiful complexion ever came out of jars or bottles; the longer one uses cosmet les the worse the complexion becomes Skin, to be healthy, must breathe. I les the worse the complexion becomes, skin, to be healthy, must breathe. It also must expel, through the pores, its share of the body's effete material. Creams and powders clog the pores, interfering both with elimination and breathing. If more women understood this, there would be fewer self-ruined complexions. If they would use ordinary mercolized wax instead of osmetics, they would have natural, healthy complexions. This remarkable substance actually absorbs a bad skin, also unclogging the pores. Result: The fresher, younger underskin is permitted to breathe and to show itself. An exquisite new complexions gradually peeps out, one free from any appearance of artificiality. Get an ounce of mercolized wax at your druggist's and try it. Apply nightly like cold cream, for a week or so, washing it off mornings.

To eradicate wrinkles, there's a marvelously effective treatment which also acts naturally and harmlessly: Dissolve 1 oz, powdered saxolite in ½ pt. witch hazel and use as a wash lotion.
